## About This Game

Destroy the evil robot factory to save the world!

Remote control a robot into the perilous factory to take on the evil robots in combat. Upgrade your robot by collecting add-ons that give you awesome abilities. Play together with your friends to stand a chance!

Can you destroy the factory before it's too late?

- Couch co-op chaos
- Easy to learn, hard to master
  - Over 50 levels
- Incredibly fast-paced and addicting Player vs. Player mode
  - Many powerful add-ons
  - Thwart evil

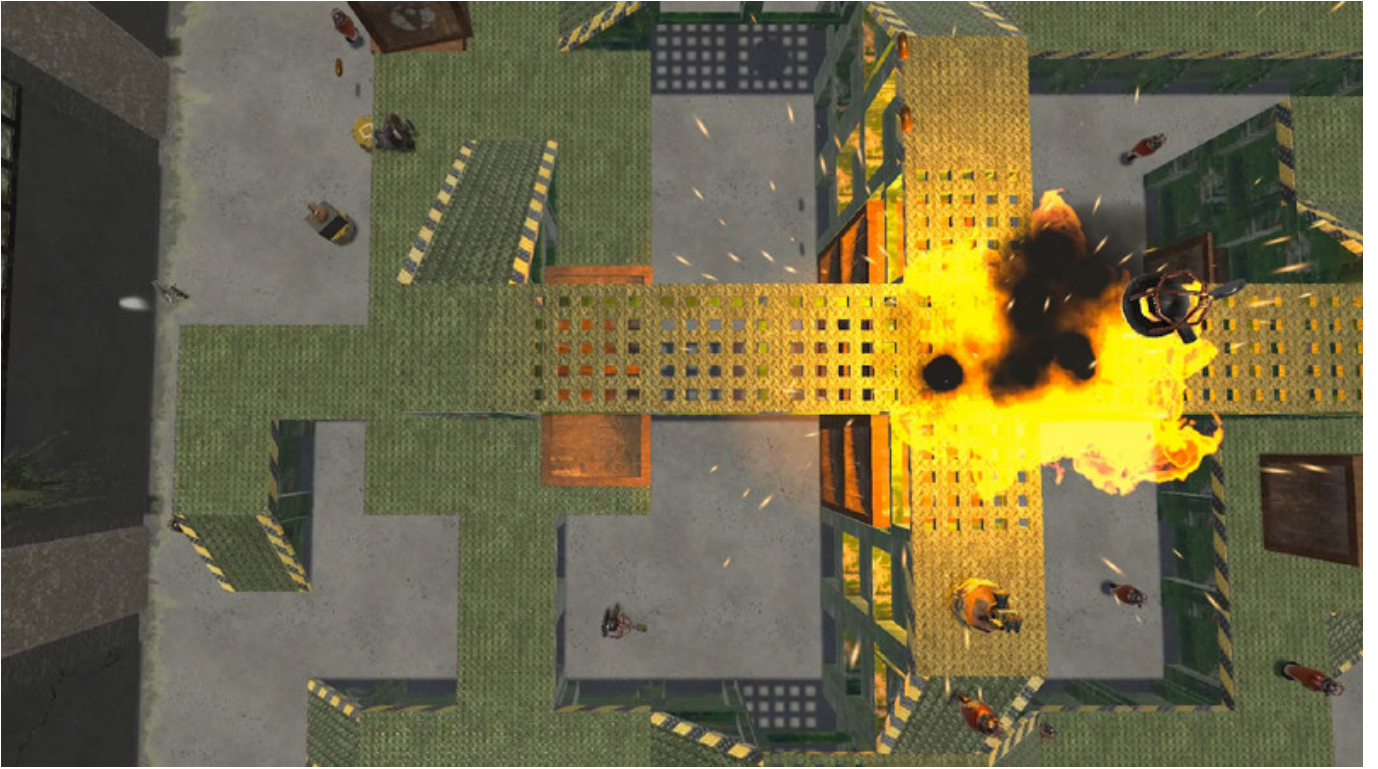

---

Well the game isn't really the best, I kept dying because the bots literally had aimbot (or it seemed like it) Aiming your own tank is very difficult because it doesn't actually follow the mouse. I don't even know why I bought this game.
